To: Dr. Brian Plastow, Scottish Biometrics Commissioner

Dear Brian,

A short note to say thank you - and very well done - for organising the conference in Edinburgh on the 19th June. It was an outstanding event, with great speakers and full of thought-provoking content. It's not lost on me how much effort needs to be invested into making these events successful; so, congratulations to you, your team and your partners in the SPA for hosting such a professional conference.

Yours sincerely,

Tony Eastaugh CBE
Biometrics and Surveillance Camera Commissioner
